PROFILE

I'm a passionate Web Developer with a good knowledge of HTML, CSS, and JavaScript. I enjoy building clean, responsive, and user-friendly websites using modern tools like React and Tailwind CSS. I'm always learning through personal projects and online courses to improve my skills. My goal is to become a better front-end developer and grow into full-stack development over time.

EXPERIENCE

Web Development Projects

Self-Initiated Projects | 2023 – 2025
- Built a responsive portfolio site using JavaScript, React, Tailwind CSS, and Material-UI.
- Deployed on GitHub Pages, gaining experience with version control and live hosting.
- Link: Personal Profile Website

Online Courses
Udemy & YouTube | 2023-2025
- Completed courses on HTML, CSS, and JavaScript, React, applying the knowledge gained to personal projects. These courses helped build a solid understanding of front-end web development.
